# Team Considerations

Meeting Date: 01/17/2012

**PURPOSE:**During the IEP meeting the following factors must be considered by the IEP team. Best practice suggests that the IEP team document that the factors were considered and any decision made relative to each.

[X] The strengths of the student and the concerns of the parents for enhancing the education of their child.

When motivated, Marcus works hard and does quality work. Marcus is creative and has a good sense of humor. Denise communicated she wants the school, home, and family therapist to have good communication to support Marcus in school.

[X] The results of the student's performance on any general state or district-wide assessments.

Marcus will be taking the HSPE exam his sophomore year.

[X] The communication needs of the student.

None at this time.

[X] The student's assistive technology devices and services needs.

None at this time.

[X] In the case of a student whose behavior impedes his or her learning or that of others, consider, when appropriate, strategies, including positive behavioral interventions, strategies, and supports to address that behavior.

The Structured Learning team develops interventions to address behavioral deficits.

[X] In the case of a student with limited English proficiency, consider the language needs of the child as such needs relate to the child's IEP.

None at this time.

[X] In the case of a student who is blind or has a visual impairment, provide for instruction in Braille and the use of Braille unless the IEP team determines that instruction in Braille is not appropriate for the student.

Marcus has a prescription for reading glasses. At this time, Marcus does not wear reading glasses in school.

# Present Level of Educational Performance

**PURPOSE:**The Present Level of Educational Performance describes the effects of the student's disability upon the student's involvement and progress in the general curriculum and area(s) of need.

### Social/Emotional

Marcus continues to struggle with following staff requests or directions. Marcus will almost always say "no" or shake his head to communicate that he does not want or will not do what staff is asking. After Marcus's initial refusal to comply, he complies with staff 5/10 opportunities.

Marcus has been doing a good job of handling frustration and conflict without aggression. Marcus comes to staff and asks for help when he is having a conflict with a peer. On two occasions this school year, Marcus has pushed a chair over in frustration. On both occasions, Marcus eventually picked the chair up and apologized for his behavior. Marcus is currently resolving conflict without aggression 9/10 opportunities.

Marcus has been very reluctant to participate in group academic activities. He prefers working independently with staff support. At this time, Marcus participates in group classroom activities 3/10 opportunities.

### Academic

Math

Marcus is completing a 6.0 grade math curriculum this year. He has demonstrated he can use a calculator to solve 6.0 calculation problems accurately 8/10 opportunities. Fluency has not been an issue and the IEP team recommends dropping this measurable skill.

Marcus has been independently completing 6.0 grade level word problems accurately 5/10 opportunities. Marcus lacks some confidence and often asks for help when he could have solved problems independently. With minimal help, Marcus is often able to ask questions to confirm his thinking, and then goes on to accurately solve the problem.

Reading

Marcus has been very reluctant to read silently or aloud this school year. For a time, Marcus was reading 1:1 with staff in an alternative location. This intervention worked well for 2 months. Then, Marcus demanded staff do most of the reading aloud while he listened. At this time, Marcus takes part in whole group reading, but he refuses to read aloud and rarely follows along reading the book while others read aloud. Marcus is currently reading 60 WCPM at the 6.0 grade level. Marcus is able to answer comprehension questions at the 6.0 grade level 75% of the time.

Writing

When completing daily reading logs, Marcus is able to write sentences using correct punctuation and capitalization 80% of the time. When asked to write a paragraph response for his scrapbook or other English assignments, Marcus most often refuses to complete the assignment. Marcus does best with 1:1 support, but often tries to get the staff to do all the work. At this time, Marcus writes correct sentences to complete a paragraph with proper content and pragmatics 50% of the time.

Work Habits/Study Skills

Marcus continues to struggle with completing assignments. When Marcus is willing to complete an assignment, he always works hard and does a good job. The IEP team has observed Marcus is very concerned about making mistakes on assignments. He may be refusing to complete some assignments because he is feeling anxious about making a mistake. At this time, Marcus independently completes assignments 3/10 opportunities.

# Secondary Transition

**PURPOSE:**The purpose of transition planning is to develop a coordinated set of activities designed within a results-oriented process that is focused on improving the academic achievement and functional performance of the student.

**I. Post Secondary Goals/Outcomes**

| Content Area: Education/Training |
| --- |
| Marcus is interested in going to college to complete a degree that would help him achieve his career goal of working in law enforcement. |
| Content Area: Employment |
| Marcus is interested in law enforcement and possibly working for the FBI. |

**II. Course of study**

Marcus is completing a comprehensive course of study to meet graduation requirements.

**III. Agency Linkage**

**** Not appropriate at this time ****

# Measurable Annual Goals

**PURPOSE:**IEPs must include a statement of measurable annual goals, including academic and functional goals, designed to meet each of the student's educational needs. In order to be measurable, the goal should include a baseline ("from"), a target ("to"), and a unit of measure.

**Annual Goal:** Math

**Supports the student's post secondary goals:** Yes [X] No [ ]

By 01/11/2013, when given 7.0 calculation problems, Marcus will calculate problems using a calculator improving accuracy from 80% at the 6.0 grade level to 80% at the 7.0 grade level as measured by classroom assessments.

# Program Accommodations/ Modifications and Support for School Personnel

**PURPOSE:**The purpose of this page is to document the modifications and/or accommodations that the student requires, based on the student's assessed needs, in order to advance appropriately toward attaining the identified annual goals.

This student will be provided access to the general education, special education, other school services and activities including non-academic activities and extracurricular activities, and education related settings:

[ ] with no accommodations/modifications

[X] with the following accommodations/modifications

| Accommodation(s)/Modification(s) | Frequency | Location | Duration m/d/y to m/d/y |
|---|---|---|---|
| Behaviorally Related:alternative schedule | As needed | All settings | 01/17/2012 to 01/11/2013 |
| Behaviorally Related:breaks available when frustration level escalates | As needed | All settings | 01/17/2012 to 01/11/2013 |
| Behaviorally Related:Alternative location to resolve anger/frustration | As needed | All settings | 01/17/2012 to 01/11/2013 |
| Content Area:Alternative location to complete assignments/tests | As needed | All settings | 01/17/2012 to 01/11/2013 |
| Grading Modifications:alter weight of class/course tests/exams | As needed | All settings | 01/17/2012 to 01/11/2013 |
| Grading Modifications:modified assignments for length and/or content | As needed | All settings | 01/17/2012 to 01/11/2013 |
| Grading Modifications:Extended time to complete assignments/tests/projects without penalty if working appropriately | As needed | All settings | 01/17/2012 to 01/11/2013 |
| Testing Response:For Writing: Students may use a print or electronic dictionary or thesaurus, spell check and word prediction software with topic specific dictionaries disabled. | As needed | All settings | 01/17/2012 to 01/11/2013 |
| Testing Response:Mathematics manipulatives and calculator | As needed | All settings | 01/17/2012 to 01/11/2013 |

**Supports for School Personnel** ( training, professional, development etc):

## State or Districtwide Assessments of Student Achievement

**PURPOSE:**The IEP team makes the determination of what type of assessment the student will take and what administrative modification and individual accommodations are necessary.

# Prior Written Notice

Description of the proposed or refused action:

Review of the annual Individualized Education Plan.

The reason we are proposing or refusing to take action is:

Required by law.

Any other factors that are relevant to the action:

At this time Marcus is on a half-day schedule. Marcus has struggled behaviorally when trying to complete a full-day schedule. The IEP team will continue to assess Marcus's ability to successfully complete a longer school day. The IEP team recommends a gradual increase in Marcus's school day as he demonstrates he can be successful.
